# INSTRUCTIONS

In *The Sabotaged Story* chapter, you'll find the missing words or sentences marked and numbered. Your task is to solve puzzles scattered throughout the book to uncover these missing elements and fill in the blanks with the solutions.

The diagram illustrates the process of solving a sentence puzzle using a word search. At the top, two boxes show a sentence with missing words: "Sentence #2 (con't) . The \_\_\_\_\_ word #48 I have \_\_\_\_\_ word #74 \_\_\_\_\_ word #75, and \_\_\_\_\_ word #77 \_\_\_\_\_ word #78 his \_\_\_\_\_ word #79 . \_\_\_\_\_ word #80,". Below these, a word search puzzle is shown. The puzzle is titled "WORD № 48, 73" and "Find all the words in the word search puzzle!". The instructions state: "The solution is revealed when reading the remaining letters sequentially." The word search grid is as follows:

T	C	A	T	B	R	E	M	■
N	N	B	A	E	■	T	A	B
A	■	E	■	L	S	E	R	A
L	T	Y	M	E	A	I	R	T

G	I	D	■	E	I	N	G	E
K	R	O	C	L	O	S	E	D
P	E	A	C	H	N	N	■	S

Arrows indicate that the words "REMEMBER" and "THE" from the word search are used to fill in the blanks in the sentence puzzle.

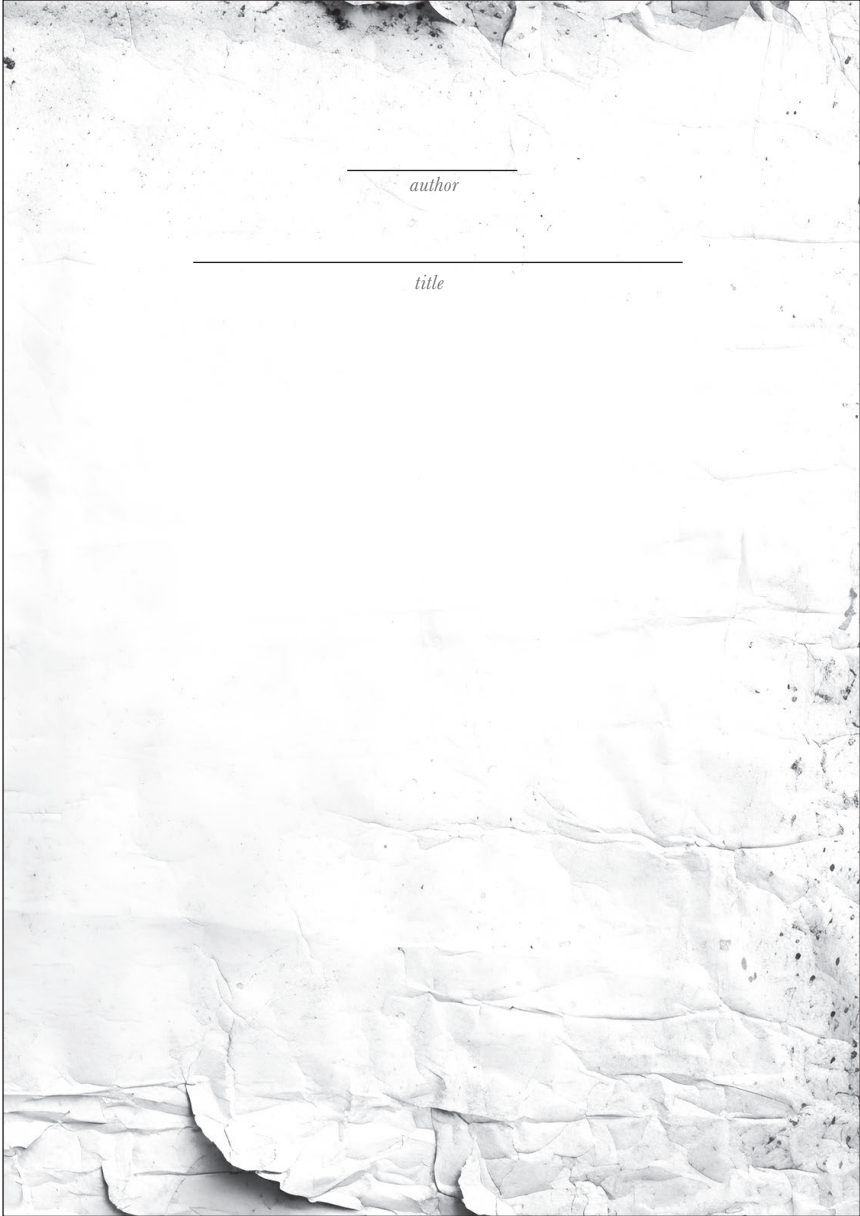

Keep in mind that the words may not always appear in their standard dictionary forms; instead, they'll be as the author used them in the story. Pay attention to context clues to help you identify the correct solutions.

*Enjoy the challenge and have fun!*
